

1. (Cancelled)
2. (previously presented) A hair care formulation that enhances visual and/or tactile qualities of hair comprising:
  - 0.00001-10% pyridoxine hydrochloride;
  - 0.0001-12% glycyrrhizinic acid;
  - 0.001-20% pantothenic acid;
  - 0.0001-7% pyrrolidone;
  - 0.0001-15% antimicrobial agent;
  - 0.0001-10% zinc; and
  - 0.00001-5% antioxidant.
3. (original) The hair care formulation of claim 2, wherein the formulation comprises about:
  - 0.1% pyridoxine hydrochloride;
  - 0.05% glycyrrhizinic acid;
  - 0.125 pantothenic acid;
  - 0.01% pyrrolidone;
  - 0.05% antimicrobial agent;
  - 0.01% zinc; and
  - 0.01% antioxidant.
4. (previously presented) The hair care formulation of claim 2, where in the glycyrrhizinic acid comprises one or more of monoammonium glycyrrhezinate or dipotassium glycyrrhezinate.
5. (previously presented) The hair care formulation of claim 2, wherein the pantothenic acid comprises panthenol.
6. (previously presented) The hair care formulation of claim 2, wherein the pyrrolidone comprises pyrrolidone carboxylic acid.

7. (previously presented) The hair care formulation of claim 2, wherein the antimicrobial agent comprises one or more of cajuput oil, lemongrass, lavender, or tea tree oil.

8. (original) The hair care formulation of claim 7, wherein the antimicrobial agent comprises tea tree oil.

9. (previously presented) The hair care formulation of claim 2, wherein the zinc comprises a zinc containing compound.

10. (original) The hair care formulation of claim 9, wherein the zinc containing compound comprises a zinc pyrrolidone.

11. (original) The hair care formulation of claim 10, wherein the zinc pyrrolidone comprises zinc pyrrolidone carboxylic acid.

12. (previously presented) The hair care formulation of claim 2, wherein the antioxidant comprises one or more of green tea extract and superoxide dismutase.

13. (previously presented) The hair care formulation of claim 2, further comprising a blood flow stimulator.

14. (original) The hair care formulation of claim 13, wherein the blood flow stimulator comprises one or more of zingiber officinale root oil, zingiber officinale extract, or menthol.

15. (previously presented) The hair care formulation of claim 2, further comprising a moisturizer.

16. (previously presented) The hair care formulation of claim 2, wherein the formulation comprises about:

0.00001-10% pyridoxine hydrochloride;  
0.0001-12% dipotassium glycyrrhizinic acid;  
0.001-20% panthenol;  
0.0001-10% zinc pyrrolidone carboxylic acid;  
0.0001-15% tea tree leaf oil;  
0.0001-10% zinc; and  
0.00001-5% green tree extract or superoxide dismutase.

17. (original) The hair care formulation of claim 16, comprising about:

0.1% pyridoxine hydrochloride;  
0.05% dipotassium glycyrrhizinic acid;  
0.125% panthenol;  
0.1% zinc pyrrolidone carboxylic acid;  
0.05% tea tree leaf oil;  
0.1% zinc; and  
0.1% green tree extract or superoxide dismutase.

18. (original) The hair care formulation of claim 16, wherein the hair care formulation is included in a separate shampoo formulation and conditioner formulation.

19. (original) The hair care formulation of claim 18, wherein the hair care formulation is also included in a separate scalp treatment formulation, which is not a shampoo formulation or conditioner formulation.

20. (original) The hair care formulation of claim 18, wherein the hair care formulation is also included in a separate revitalizing conditioner formulation.

21. (original) The hair care formulation of claim 16, wherein the hair care formulation is included in a separate shampoo formulation, conditioner formulation, revitalizing conditioner formulation, and scalp treatment formulation.

22. (original) The hair care formulation of claim 18, wherein the shampoo and conditioner formulations comprise a set of two shampoos and two conditioners.

23. (previously presented) The hair care formulation of claim 2, wherein the hair care formulation is a scalp treatment formulation comprising about:

Ingredient	Percentage by Weight (w/w)
Water	90.2200

27. (previously presented) A method of enhancing an appearance and/or texture of hair, comprising applying the hair care formulation of claim 2 to the hair.

28. (previously presented) A method of enhancing an appearance and/or texture of hair comprising applying the hair care formulation of claim 16 to the hair.

29. (original) The method of claim 28, wherein the hair care formulation is included in a separate shampoo formulation and conditioner formulation, and the shampoo formulation is applied to the hair to cleanse it, and the conditioner formulation is applied to the hair to condition it.

30. (original) The method of claim 28 wherein the hair care formulation is included in a separate shampoo formulation, deep cleansing shampoo formulation, conditioner formulation, revitalizing conditioner formulation, and scalp treatment formulation, wherein:

the deep cleansing shampoo formulation is applied to the hair 1-2 times per week, and the daily shampoo is applied the other days of the week;

the revitalizing conditioner formulation is applied 1-2 times per week, and the light conditioner formulation is applied to the hair the other days of the week; and

the scalp treatment formulation is applied to the scalp each day of the week.

31. (currently amended) ~~A method of enhancing an appearance and/or texture of hair comprising applying the hair care formulation of claim 23 to the hair.~~ The method of claim 30, wherein the scalp treatment formulation comprises about:

34. (cancelled)
35. (original) A kit, comprising a shampoo and conditioner each of which comprise the formulation of claim 2.
36. (original) The kit of claim 35, further comprising a scalp treatment formulation.
37. (original) The kit of claim 35, wherein the shampoo comprises a regular shampoo and a deep cleansing shampoo.
38. (original) The kit of claim 35, wherein the conditioner comprises a regular conditioner and a deep conditioner.
39. (original) The kit of claim 35, further comprising instructions not to use another shampoo and conditioner.
40. (original) The kit of claim 37, further comprising a scalp treatment formulation wherein the conditioner comprises a regular conditioner and a deep conditioner.
- 41-43. (Cancelled)

44. (New) The method of claim 27, wherein the hair care formulation comprises about:

Ingredient	Percentage by Weight (w/w)
Water	90.2200
SD Alcohol 40-B	5.0000
Isoceteth-20	1.5000
Benzyl Alcohol	0.4500
Water and Butylene Glycol and Serenoa Serrulata (Saw Palmetto) Fruit Extract	0.2500
Water and Butylene Glycol and Panax Ginseng Root Extract	0.2500
Panthenol (Liquid 50%)	0.2500
Water and Butylene Glycol and Swertia Japonica Extract	0.2500
Water and Butylene Glycol and Zingiber Officinale (Ginger) Root Extract	0.2500
Sodium Benzoate	0.3000
Methylparaben	0.2000
Polysorbate 80	0.1500
Zinc PCA	0.1000
Galactoarabinan	0.1000
Tocopheryl Acetate	0.1000
Pyridoxine HCl	0.1000
Propylparaben	0.1000
Disodium EDTA	0.1000
Menthol	0.0500
Melaleuca Alternifolia (Tea Tree) Leaf Oil	0.0500
Dipotassium Glycyrrhizate	0.0500
Camellia Sinensis Leaf Extract	0.0500
Superoxide Dismutase	0.0100
Zingiber Officinale (Ginger) Root Oil	0.0500
Butylparaben	0.0500
Ubiquinone (Coenzyme Q-10)	0.0100
Retinyl Palmitate	0.0100
<b>Total</b>	<b>100.0000.</b>
